NOTE
The boundaries indicated in this Map are those laid down by the late Sir Robert Schomburgk who was engaged in exploring the Colony during the years 1835 to 1839, under the direction of the Royal Geographical Society, but the boundaries thus laid down between Brazil on the one side and Venezuela on the other and the Colony of British Guiana must not be taken as authoritative; as they have never been adjusted by the respective Governments. And an engagement subsists between the Governments of Great Britain and Venezuela by which neither is at liberty to encroach upon, or occupy territory claimed by both.
